ROWLAND HALL

ST. MARK'S

COVER DRAWING BY TODD LYNCH

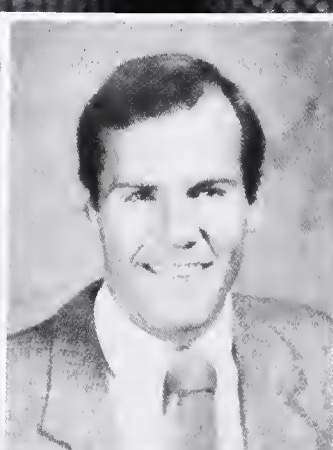

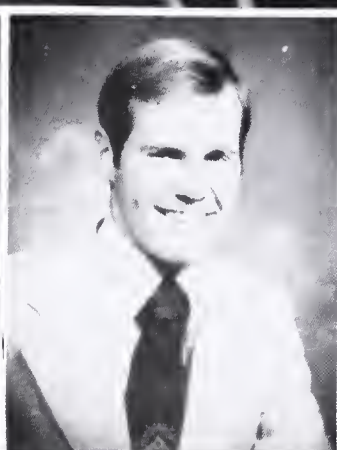

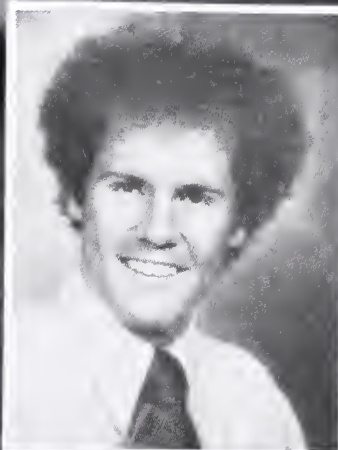

DEDICATION

Doug Wortham has taught French at Rowland Hall-St. Mark's for eight years, and throughout the years he has been both a friend and a teacher to his students. His classes are known to be extremely challenging, but for those who survive, the rewards are great. Through a combination of hard work and humor, Mr. Wortham teaches his students the value of pushing themselves past the scope of most high school standards.

His students go beyond learning the structure of the language. Mr. Wortham provides insights into French philosophies, customs, arts, and literature. May he stay at Rowland Hall until not a hair is left on his head.

The Rowland Hall-St. Mark's yearbook staff dedicates the 1986-87 yearbook to Mr. Doug Wortham in honor of his fine teaching abilities and the gift of language that he offers his many students. We love you, Dr. Devoir!

PEER COUNSELING

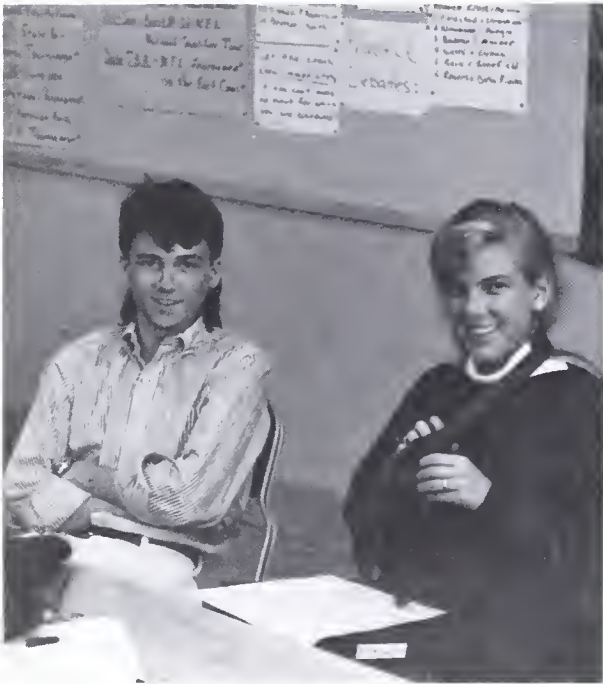

The peer counselors, an organized group of 8 tenth through twelfth grade students, have been working together for about four months to establish an organization to help people with their problems. One of their main projects is working with the seventh grade ethics class and talking to them about topics of concern such as drugs, sex, alcohol, and many others. Each peer counselor acts as a mentor to five seventh graders. The new drop-in center is open every day. The peer counselors are the following: Rachel Berenson, Jim Ellsworth, Mark Smith, Marina Condas, Denise Logan, Richard Eyre, Todd Lynch, and Jennifer Beck.

ITALIAN CLASS

This year an Italian class was offered every Friday by Senior Angelica Gortenuiti, who is our AFS student from Italy. This class was open to students and faculty. Angelica's pupils learned the most common nouns and verbs, correct pronunciation, as well as a little geography of Italy. Everyone involved was able to brush up on his Italian and have fun at the same time.

MEXICAN FIESTA

On October 18 the sophomore and junior classes sponsored a very successful Fiesta Night. The evening was filled with games and fun including bingo, pinatas, and a live mariachi band. The students served tacos, enchiladas, rice, and nachos which proved to be a welcomed change from the Western style food of previous years. Special thanks to Lou Loumis, Connie Weinstock, Helen Bigelow, Sue Hoepner, and Don and Connie Millicam for all the organization involved in making Fiesta Night a great success.

TETON SCIENCE CAMP

Visiting the Teton Science School has become an important part of the biology program. This year's class agrees that it was a lot of fun in spite of the one week break from all television, radio, and un-nutritious food. Set in the breathtaking Grand Tetons, the school provides hiking, canoeing, and nature observations. The trip gave the students a greater appreciation for nature and wildlife, as well as the opportunity to become closer to each other. As Miss Miklossy appropriately said, "It was definitely a memorable experience!"

MIDDLE SCHOOL RETREAT

The Middle School retreat at Camp Tuttle was a nice way to get away from school. Judy Smith, Bob Ligget, Paul Christensen, Rick Allred, and Leslie Helm went with the students. The busses met at the school to take everyone up Brighton Canyon. We had a fun-filled day of fishing, hiking, and volleyball. The only person to actually catch a fish was Brandon Schmitt. We ate hamburgers, which were a little rare but quite good.

SPIRIT WEEK

Tennis Anyone?

September 15 to 19 at Rowland Hall St. Mark's was Spirit Week. The students enjoyed a fun and crazy break from the weekly routine. Jim Ellsworth, Sarah Culp, Rulonna Nielson, Todd Lynch, and David Bernstein, members of the Student Council, set up different activities for three days of the week. On Tuesday, the students dressed in green and white, the school colors, and were dismissed early to watch the baseball team play a game. Wednesday was "Swtcheroo Day" where boys dressed as girls and vice-versa. Thursday the students wore their sleeping attire to school. Spirit week was a great way to boost the students' enthusiasm for school.

CERAMICS

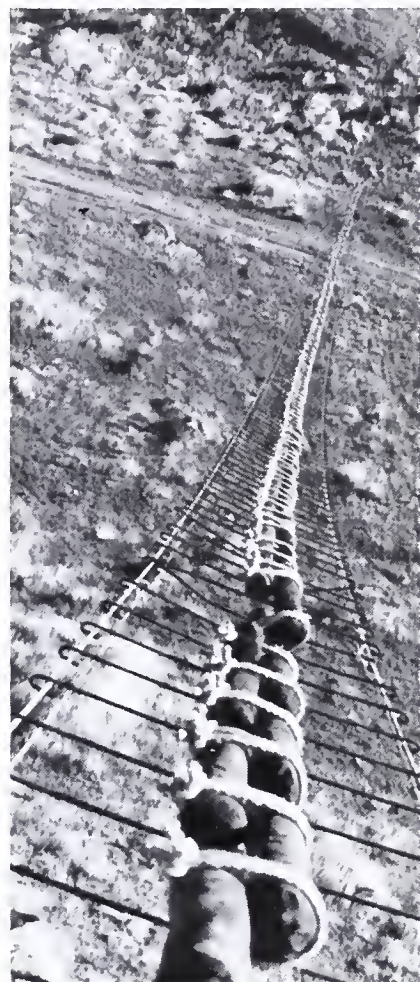

On October 16, the upper school ceramics class went on a field trip to Lone Rock in Skull Valley, Utah, to see a Japanese artist assemble a swooping sculpture made of clay, cables, and rope, which ran from the top of Lone Rock down to the valley floor.

The ceramics class this year has been a great success. Under the instruction of Ms. Connie Erickson, students learned how to build coil pieces, to make slab pottery, and to throw clay on the wheel. Students used a variety of glazes to finish their pots.

CANDLE AND CAROL

The annual Candle and Carol service at Saint Mark's Cathedral was a great success. Over nine members of the faculty and forty students participated in this Christmas service.

The Rt. Rev. George E. Bates offered the Homily and the Seasonal Blessing to our congregation.

The cathedral was filled with excited students ready to start their winter break, along with enthusiastic parents and alumni.

Many thanks to all the participants who helped begin a great Christmas break and a very Happy New Year.

BASEBALL

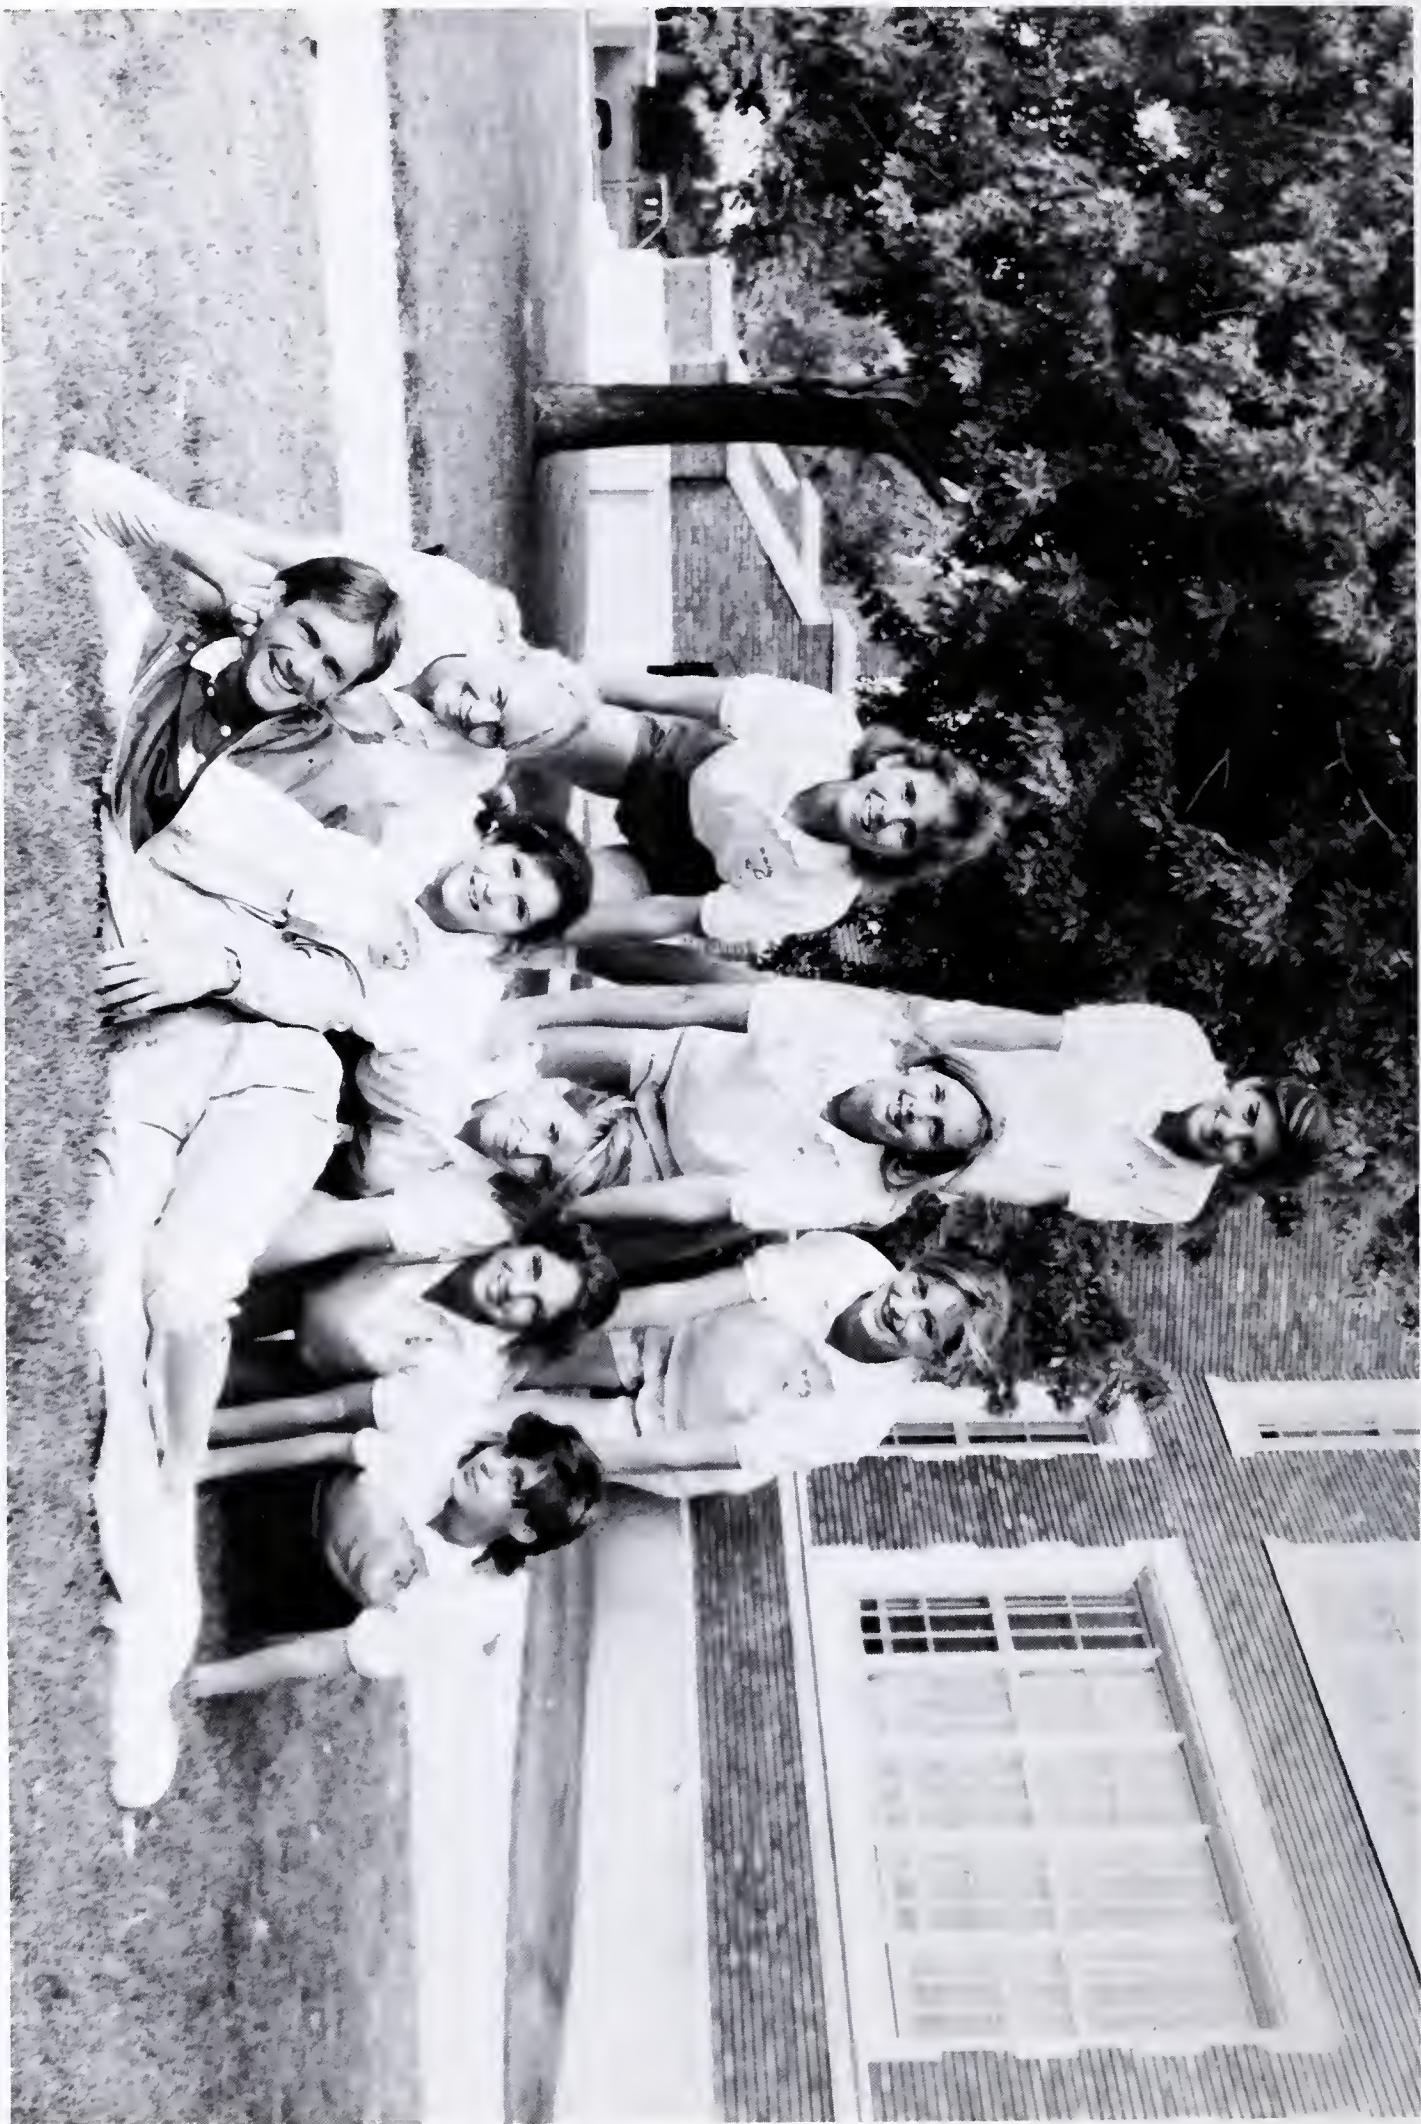

The 1986 boys' baseball team had a victorious season with a score of six wins to three losses. The team was coached by Danny Shwam, Dave Hall, George Matthews and Bob Ligget who provided rigorous, every day training to shape up the young men of R.H.S.M. The training started in late August and lasted throughout the month of September. Zach Guevera was greatly appreciated for his detailed statistics.

The members of Baseball '86 are John Bagley, Eric Baughman, Eric Bollow, Rob Claxton, Toby Dobler, Stew Ellington, Jim Ellsworth, Paul Ferucci, John Haley, Cory Lane, Whitt Lee, John Loumis, Andre Meacham, John Mylerberg, Adam Phillips, Chip Sarver, Eric Selekof, Bart Thompson, Curt Whalen, and Jason West.

WINTER SPORTS

As in years past, skiing was the most popular of all the winter sports. With the blue sky and great snow, the skiers couldn't help enjoying themselves. Every Friday, large buses dropped off the eager skiers at Solitude, where they spent the afternoon. Whether the skiers were paralleling, snowplowing, or just trying to stay on their feet, they all had a pleasurable experience.

Cross-country was also offered as an alternative to those who love to ski, but don't enjoy downhill. Some of the skiers were out for their first time, while others were brushing up their own techniques.

Another popular winter sport was bowling. Each Friday, Mr. Koetter led the bowlers to their lanes. In a ritualistic sequence, each bowler stepped to the line and skillfully let the ball take its course. Strikes, spares, and gutter-balls determined who stole the victory.

Several students found a mild euphoria at the ice rink. Controlling direction and speed with cool steel blades against cold ice, the skaters were quite entertained. Skating in figure-eights or scoring a goal in a hockey game offered the thrill of accomplishment to the skater.

Back at school, a group of students decided to build muscles through intense weight-training. Although they worked very hard in the weight room, they could often be found in the gym playing basketball.

Mr. Macner and Joan Kingston led an exciting yoga class this year. The students not only learned how to stretch their bodies, but learned how to find inner-peace through meditation.

Tennis was another popular winter sport this year. Paul Davis, coach at the Fort Douglas Country Club, led the students in a rugged workout. This was a great opportunity for some of the boys to get a head-start for the upcoming tennis season.

Horseback riding was offered again this year at Rowland Hall. The students went to a nearby stable where they learned how to ride horses, as well as to groom them. The abilities of the participating students ranged from beginning to competition level.

Even though there was a wide variety of sports from which to choose, some students preferred individual activities. The beauty of the winter sports program is the fact that students, in come cases, can tailor activities to their special interests or needs.

After a while you learn the subtle difference
Between holding a hand and chaining a soul
And you learn that love doesn't mean security
And you begin to learn that kisses aren't a contract
And presents aren't promises
And you begin to accept your defeats
With your head up and your eyes open
With the grace of a woman
Not the grief of a child
And you learn to build all your roads
On today because tomorrow's ground
Is too uncertain and futures have a way
Of falling down in mid-flight
After a while you learn that sunshine
Burns if you get too much
So you plant your own garden and
Decorate your own soul, instead of waiting
For someone to bring you flowers
And you learn that you really can endure
That you really are strong
And you really do have the worth
And you learn and learn
With every goodbye you learn...

There is a genius living in this world. A breeding-
Faced, long haired genius. Soft of speech and with
cutting eyes, a man who, unlike most men, looks
about the world he sees, and does not accept that
world when that world does not fit that pattern, he
does not adapt to the world. He tries to make the world
fit him or if not that, shucks that world aside and
lives in one all his own. - THE KINKS -
